Francis Xavier here again and I was wondering how you were transported between your home and St. Xavier?

Older brother? Bus? (especially as a Freshman), Parents? Carpool? Thumb? Drive yourself?

So when you drove to St X, what kind of car did you drive?

Your classmates drove economy cars, sports cars, foreign cars or their family cars.

But do you remember who drove what car?

See if you can guess who drove which car from the ten cars listed below.

It might not be an actual picture of the car driven by a classmate, but the year, model and color are the same.

Send me your guess of which of the five classmates drove each car pictured below. Place an "X" next to the classmate's name. I will update the contest leaders daily on our class blog, [ST. XAVIER CLASS OF 1976](#).

Just reply to this email by this Saturday, March 28. As you consult with your friends, you can change your answers until then. Next weekend we will post the answers and identify the classmate with the most correct answers. The most correct answers wins some awesome **St. X swag!**

Remember you can't win the awesome swag unless you send me your answers. Have fun figuring it out and remember, ***I had to walk everywhere!***

Until next week, Godspeed.

FX

***P.S. If you do not see you or your carpool buddy's vehicle, send me a note or post the vehicle and driver directly to our blog, [ST. XAVIER CLASS OF 1976](#).***
